Spring has sprung and the weather is still upside down. Rain one day, windy the next, then comes snow. But don't worry, summer is sure to follow in grand style.

Seguin RCA's summer camp begins on June 15. For many of our campers this is the only time that they are away from home or their caregivers and placed into new surrounding which allow them to choose what they wish to do.

Our Summer Camp Scholarship Program is funded by two non-profit associations: Seguin RCA and American Camp Association (ACA). The funds from ACA have been substantially reduced over the past few years, but the number of scholarship requests from clients to attend camp have not.

We are asking our readers for any donation to help support our Camp Scholarship Program. A full one week scholarship to attend camp for a Seguin RCA member is \$385; for non members, \$410.

Any donation amount will help to defray the costs of sending the individuals to camp. We greatly appreciate your consideration of this request, and if you would like more information, please call the Seguin RCA office.

The Spring Fling was a great success. Our "hats off" to all the volunteers who made it happen!

This issue's guest contributor is **Deborah C. Sitz, Executive Director of Solutions for Care.**

Solutions for Care (SFC), formerly Berwyn-Cicero Council on Aging, has responded to the needs of the community since 1972. We are a 501c (3) non-profit organization.

Services offered by SFC are designed to provide options for care in order to enhance independent living in the community. Our professional staff can assess the individual needs of older adults who are experiencing changes in health or functional ability.

SFC provides Care Coordination Services for the Department on Aging. Care Coordinators make home visits to assess the needs of our clients and determine eligibility for in-home services, Adult Day Services and Emergency Home Response Systems. SFC also assesses clients for home delivered meals and chore housekeeping services, which include light housekeeping, shopping and laundry.

Our staff is also at MacNeal Hospital providing information and pre-screening services for those who may enter a nursing home. Our Bridge Care Coordinators work directly with the hospital staff to begin the process of arranging for services so they can begin as soon as you are able to return home.

Solutions for Care is the authorized agency to receive reports on elder abuse, neglect and financial exploitation. Calls of concern are taken, visits made and actions taken according to the required protocols. All calls are confidential and anonymous calls are accepted.

Our Family Caregiver Specialist assists those who are helping care for a family member. Caregiver services include respite care to relieve the caregiver and a six-week course called "Powerful Tools for Caregivers."

SPC is also a SHIP site. The **Senior Health Insurance Program** is a free statewide health insurance counseling service for Medicare beneficiaries. Our staff is also available to assist with the applications for public benefits like Li-Heap, the energy assistance program from CEDA, as well as Medicare parts A, B and D and other Medicare related benefits. Our information specialists are available for appointments at our office.

SFC works closely with many of the other community agencies to connect families to the help they need. We are so pleased that Seguin RCA invited us to be part of this month's newsletter.

"Share a Smile"

Bride-to-be: "Mother, this wedding must be absolutely perfect. We mustn't overlook the most insignificant detail." Mother: "Don't worry, he'll show up!"

"Could I have a day off, sir, to help my wife with the spring cleaning?" "No, I am afraid not." "Thank you, sir. I knew I could count on you."
